NO DIRECTORS CHOSEN.

Control of Wabash Railroad Still Undecided.

Toledo, O., Oct. 11.—No directors were chosen at the annual meeting of the Wabash railroad Tuesday. The sessions, with the exception of two brief recesses, lasted from 9 o'clock in the morning until 11:15 at night, almost the entire time being taken up by the examination of proxies. Although no figures had been given out by the inspectors of election, it is believed that the vote to be taken Wednesday will show that Mr. Gould has behind him about \$22,000,000 of the bonds, and that Mr. Ramsey has in the neighborhood of \$2,000,000. This makes it certain that six men nominated by the Gould faction as directors representing the bondholders will be elected. These men are Russell Sage, Winslow S. Pierce, R. C. Clowry, E. T. Wells, W. B. Saunders and R. M. Galloway. Mr. Ramsey has not shown sufficient strength to enable him to hold his seat as a director, and it is generally believed that he is weaker in stock proxies than in the bonds.

SESSIONS ADJOURNED

DEATH OF LEGISLATOR NIXON POSTPONES INSURANCE INVESTIGATION.

NO SENSATIONS DEVELOPED

BUT SOME INTERESTING FACTS ARE TOLD BY OFFICERS OF THE MUTUAL LIFE.

New York, Oct. 11.—The sessions of the insurance investigating committee were terminated for the week at the adjournment Tuesday because of the death of S. Fred Nixon, speaker of the assembly of the legislature of New York, at his home in Westfield.

The testimony Tuesday did not elicit any information of a sensational nature beyond what had been discounted in the testimony of previous witnesses. The feature was the presence as witnesses of the executive officers of the Mutual Life Insurance company. These were President A. McCurdy and Vice Presidents Granniss and Gillette.

While it had been hinted last week that some expenditures charged to legal expenses might have been contributions to campaign committees, it was announced definitely by Dr. Gillette that the Mutual Life Insurance company contributed \$40,000 to the Republican national committee last fall, that in 1900 \$35,000 was contributed, and in 1896 \$15,000 was given for campaign purposes.

Dr. Gillette testified that he paid these amounts personally in cash, and later in the day Mr. McCurdy said that while he knew campaign contributions had been made he did not know the amounts. He said that no contributions had been made to campaign committees before 1896 and that no contributions to state or municipal campaigns had ever been made in this or any other state. The contribution of \$2,500 to the congressional campaign committee, Mr. McCurdy said he knew nothing about until it came out in the testimony last week.

Maintained a Confidential Fund.

An interesting statement was made by Robert Olyphant when he was on the stand early in the day. Mr. Olyphant is chairman of expenditures and he could not tell what the \$25,000 items drawn to his order were for beyond that they were for legal expenses. He said the company maintained a confidential fund for expenditures for which no voucher was taken and no receipt was received. These payments were made upon the assurance of an executive officer that "they were all right."

Vice President Granniss knew little about the contributions to campaign funds, but justified them on the same ground as President John A. McCall of the New York Life, that the free silver plank in the Democratic platform was a menace to the interests of the policyholders.

When Mr. Crimmins was called he assumed the entire responsibility for the terms of the contracts with C. H. Raymond & Co., by which that firm made such large profits. When the method of the expenditure of the \$25,000 items was inquired into Mr. Granniss admitted that the general solicitor could get \$25,000 any time he wanted it without disclosing for what purpose he wanted it and without rendering any account of it. He further said he never knew where a cent of the money spent by the general solicitor went.

In taking up a detailed list of the company's expenses Dr. Gillette said that the company last year paid \$72,000 for luncheons for the employees. It is a custom for the company to furnish their clerks with luncheons. This is at the rate of about \$250 a day.

Made a Startling Statement.

President McCurdy was on the stand all of the afternoon session. He detailed the manner of his entrance into the insurance business. He practiced law for nine years and was counsel for the Widows and Orphans' Benefit Life Insurance company, of which C. H. Raymond was the president. When the company went out of business Mr. McCurdy went with the Mutual Life. Mr. McCurdy testified that he never knew what Mr. Thebaud, his son-in-law, was getting out of the business of C. H. Raymond & Co., and said he did not think it was any of his business to ask about Mr. Thebaud's personal affairs. He said the company did the business to get the commissions, and that was all he knew. All contracts were made without his knowledge. Witness said that he never requested that his salary be raised and all such increases he took as complimentary to his management of the business. They were always made by the committee on salaries of their own volition.

Toward the close of the session Mr. McCurdy made the startling statement that an insurance company was not an institution founded to make money for

the policyholders, but was, or should be, a great philanthropic enterprise founded to increase and spread its benefits over the entire earth.

"There has been a great mistake made," he said, "about the real province of life insurance companies in these latter years. People have been led to believe that the main purpose was to make money for its policyholders. In my view that is not the purpose of such companies. They are eleemosynary. When a man insures in a company he should take into consideration the fact that he has entered a great philanthropic concern that is in duty bound to spread itself, even though this growth prevents him from realizing as much as he expected."

THREE WOMEN ELECTED.

Chosen to Receive Tablets in the American Hall of Fame.

New York, Oct. 11.—Three women and five men were chosen Tuesday to receive tablets in the Hall of Fame at New York university, when the canvass of the votes in the second quinquennial election was completed. Maria Mitchell was the only American scientist to be elected at this time, though Louis Agassiz, with eighty-two votes, secured admission as a foreign born American. A curious commentary on Maria Mitchell's election is the fact that eight of the electors, chiefly scientists, refused to vote for any woman, thus reducing the number of votes necessary to elect a woman to 47, while 51 were required for a man. Maria Lyon, founder of Holyoke college, and Emma Willard, author of "Rocked in the Cradle of the Deep," were the other women honored.

Alexander Hamilton, with 87 votes, the highest number received by any candidate, and John Paul Jones, with 53, share with Agassiz the honors of being the first American immortals of foreign birth.

Two American statesmen were chosen—John Quincy Adams, whose tablet will occupy a niche next to that of his father, John Adams, received 58 votes, and James Madison, who secured 56 votes.

Patrick Henry, John C. Calhoun, Andrew Jackson, Samuel Adams and James Monroe failed to be elected.

MAY BECOME GENERAL.

More Workmen Join the Strikers at Moscow.

Moscow, Oct. 11.—The majority of the factories here, especially in the great industrial quarter of Zamoskvorech, which is across the river from the rest of the city, joined in the strike of printers and bakers Tuesday. The movement threatens to become general, though it is opposed by a strong minority of the workmen.

The streets are comparatively tranquil. Several times Tuesday processions of striking workmen in which red flags were carried were held in the industrial quarters and the police were forced to disperse the crowds, but aside from the affray at the Liebrecht furniture factory, no bloodshed has been reported and the troops were not forced to resort to arms. Crowds of roughs started to break the windows in the Tverskoi boulevard, the center of the previous disorders, which has been reopened to traffic, but they fled on the approach of the police.

The workmen generally are demanding an eight-hour day and a large increase in wages. Among their unique demands is one for the abolition of religious lectures by priests in the factories and the substitution of lectures on economic and political subjects.

The employees of the electric street railways voted to continue the strike and as a consequence no cars are running.

TWO MEN PLEAD GUILTY.

North Dakotans Admit They Violated the Law.

Fargo, N. D., Oct. 11.—There were two surprises in the United States court Tuesday that greatly shortened the term and removed the burden of long trials from the prosecuting attorneys.

J. A. Erickson, president of the defunct Minot National bank, changed his plea of not guilty to guilty. He was twice indicted, and the two bills included twenty-six counts. His technical violation is making a false entry and report to the controller. The minimum penalty is five years.

Joe Plante, the merchant at Beaulieu, in the Turtle Mountain country, surprised the attorneys by entering a plea of guilty. He was indicted for selling Florida water to the Indians and causing the death of nine. The water was afterwards found to contain wood alcohol.

Nine Men Arrested.

Honolulu, Oct. 11.—The United States transport Sherman, en route to San Francisco, was held a short time here by United States Attorney Breckens and United States Marshal Hendrick on account of reports that a large amount of counterfeit American money was aboard. Nine men were arrested, three being held as witnesses.

Snow in Minnesota.

Duluth, Oct. 11.—Snow fell Tuesday for the first time this autumn in North-eastern Minnesota. The fall was light in Duluth and mixed with rain, but on the Mesaba and Vermillion ranges the snowfall was heavy.

LARGE AMOUNT GONE

A PITTSBURG MAN DISAPPEARS WITH ONE HUNDRED THOUSAND DOLLARS.

ROBBED EXPRESS COMPANY

MISSING EMPLOYEE WAS WORKING IN THE PLACE OF A MONEY CLERK WHO WAS ILL.

Pittsburg, Oct. 11.—The startling discovery was made late Tuesday that the Adams Express company has been victimized to the extent of \$100,000, supposedly through the peculations of an employee.

The following official statement of the affair was given out Tuesday for publication:

"At 4:15 p. m. Monday, Oct. 9, a bank of Pittsburg, Pa., delivered to the Adams Express company at their office in Pittsburg, a package of currency containing \$100,000, which was consigned to a bank in Cincinnati, O."

"This package was received and receipted for by Edward G. Cunliffe, who was then acting in the place of the regular money clerk, who was ill."

"Cunliffe left the office at the usual time last evening and this morning when he failed to report for duty a hurried examination was made of his department and it was learned that about \$1,000 of funds entrusted to his care were missing. General Agent Hiner of the Adams Express company immediately called in detectives and placed the matter in their hands. Later developments brought to light the fact that in addition to the \$1,000 missing, the bank package containing the \$100,000 had not been received at the money forwarding office at Union station, this city."

"Inquiries made at his residence showed that Cunliffe arrived at home at the customary time last evening and after changing his clothes bade his family good-bye, saying to his wife that he was going out for the evening and nothing further has been heard from him."

"Cunliffe has been employed by the Adams Express company since March 1, 1904, and bore a good reputation. He was methodical, accurate and an excellent clerk."

A warrant has been issued charging Cunliffe with larceny.

Mrs. Cunliffe, when told that her husband was missing and was suspected of taking a large amount of money, became hysterical and is in a serious condition. Her four little children are being cared for by relatives.

The time elapsed between the closing of the express office Monday night and the discovery of the loss of money was nearly twenty hours, but a minute description of the suspected man has been sent out broadcast and the officers feel confident that he cannot evade them long.

Up to midnight not the slightest

trace of the fugitive had been discovered.

CHICAGO NEGRO RUNS AMUCK.

Kills Two Persons and Fatally Wounds a Third.

Chicago, Oct. 11.—Robert Newcome, colored, ran amuck on the South Side Tuesday night and before he was finally captured by the police he had killed one policeman and a woman and fatally injured another man. Early at night Newcome went to the house of Mrs. Florence Force, colored, 1255 West Sixty-first street and during a quarrel he shot her, killing her instantly. Robert Snow, also colored, who went to the assistance of Mrs. Force, was shot by Newcome and fatally injured. Newcome, who was intoxicated, then went to his home at 1261 West Sixty-first street and barricaded himself there. A squad of policemen who had been summoned tried to force an entrance to the house and John Shine, a police officer, was shot and killed by Newcome. Chief of Police Collins was then notified of the trouble and Assistant Chief Schuetler and six detectives hurried to the place with rifles. As Assistant Chief Schuetler and his men approached Newcome's hiding place they were met with a shower of bullets from the negro, who had secured a rifle. All the shots went wild, however, and Schuetler and his men returned the fire. During a fusillade of shots a rush was made on the house and Newcome was captured. A large crowd wanted to take Newcome away from the police and lynch him, but Newcome was hustled into a patrol wagon and hurried from the district.

VENEZUELAN SITUATION.

Discussed by the President With Judge Calhoun.

Washington, Oct. 11.—President Roosevelt discussed the Venezuelan situation in detail with Judge W. G. Calhoun, the special commissioner who has just returned from that country, where he went to investigate the precise status of the European governments against that country and their relation to the United States. Judge Calhoun was a guest of the president at luncheon.

The president will discuss the Venezuelan question in his forthcoming message to congress. No determination has been reached yet by this government as to what, if any, action may be taken toward Venezuela, but the action of the government will be predicated upon the report of Judge Calhoun.

BANKER FOUND GUILTY.

Convicted of Fraudulent Banking Methods in Iowa.

Sioux City, Ia., Oct. 11.—W. E. Brown, president of the defunct First National bank of Storm Lake, Tuesday afternoon was found guilty of fraudulent banking by making false entries in his books and false reports to the government.

The trial has been in progress in the federal court for a week. There were two indictments and thirty-one counts, on thirty of which Brown was found guilty. The minimum sentence is five years. It would be possible for the court to sentence the prisoner to ten years for each count.

Sentence will be pronounced Friday. Brown will probably take an appeal.

SITUATION AT NEW ORLEANS.

Yellow Fever Epidemic Appears to Be Declining.

New Orleans, Oct. 11.—The official yellow fever record up to 6 p. m. Tuesday is as follows:
New cases, 18; total cases to date, 2,230; deaths, 4; total, 415; new foci, 9; cases under treatment, 181; cases discharged, 2,634.

For the first time in a week a new point of infection was reported in the state. Two cases were reported from New Iberia, which up to now has apparently been free from infection.

The country reports are as follows:
Kenner, 5 new cases; near Platenerville, 2 new cases; Barataria, 1 new case; Irvington, 1 new case; New Iberia, 2 cases; Fisher's camp, 1 new case.

Reports from Mississippi are as follows:

Vicksburg, 4 new cases; Natchez, 6 new cases; Port Gibson, 2 new cases; Gulfport, 5 new cases.

As the result of the order of Dr. White putting an end to the general disinfection and dousing by the marine hospital, about 300 men employed by the service will be immediately dismissed. Other discharges will occur within the next ten days. Aside from the fact that the sickness is waning, under the mosquito theory stegomyia which become infected from now on will not be able to transmit the disease for twenty days after infection, which will carry the fight close to the frost period.

The body of Dr. C. M. Shanley, who died at Barataria Monday, a martyr to science and devotion to his people, was buried here with high Masonic honors Tuesday.

FEVER CASES INCREASE.

Epidemic at Pensacola Constantly Becoming Worse.

Pensacola, Fla., Oct. 11.—The fever summary Tuesday night showed a big increase in the number of new cases, as follows:

New cases, 32; total cases, 307; deaths, 3; total deaths, 45; cases under treatment, 149; cases discharged, 113.

The large increase in the number of new cases was expected owing to the very inclement weather and the previous spread of the disease to all sections of the city. The number Tuesday is much larger than any day since the outbreak of the fever. One of the deaths Tuesday was the British vice consul, Frederick Bonar, who was taken ill last week.

Yellow Fever in Indiana.

Marion, Ind., Oct. 11.—Horace Meyers, twenty-one years of age, who was taken ill with yellow fever last Friday, a few hours after he had returned home from Madison parish, La., died Tuesday.

Taigny Ignores Castro.

Paris, Oct. 11.—President Castro has made repeated advances to M. Taigny, French charge d'affaires, for the purpose of resuming friendly intercourse, apparently intending to ignore his previous offensive action in refusing to deal with the government of France through M. Taigny. The latter declines to meet the advances until Venezuela complies with the French request to withdraw the offensive action.

A MAN may practice what he preaches, but reverse the saying and there's trouble to pay, and it is claimed to be a poor rule that won't work both ways.

EVIDENTLY all fears of an ice famine have disappeared and it will be but a short time until the northwest will be manufacturing ice enough to supply the world.

THE Mutual Life Insurance company has been paying \$250 a day for lunches for their clerks for some time past. The force must have been as large as the company was free and accommodating with the funds of the policy holders.

If Americans wish to use timber from British Columbia for manufacturing purposes they will have to go to that country to do it, for the provincial government has issued an order prohibiting a stick of provincial timber from coming into the United States.

THE official report of the number of men lost by the Japanese during the war with Russia places the number at 72,450, the number killed in action being 46,180, those who died of wounds 10,970 and the number died from disease 15,300.

LOCAL institutions that complain of inroads on their business made by department stores can remedy the same by judicious advertising. Department stores spend many times the amount they pay for rent for advertising their goods and getting their prices before the people. A stitch in time saves nine.

THE burning of St. Raphael's hospital at St. Cloud Tuesday is a calamity to that city. It was one of the best equipped institutions of the kind in the northwest, having been built at a cost of \$65,000. The hospital had become a public necessity in that locality and while it will undoubtedly be rebuilt the loss at this time of the year with the near approach of winter will greatly inconvenience those who are unfortunate enough to need its shelter. There were over fifty-three patients in the building all of whom were removed with safety.

Robert Johnson has severed his connection with the J. F. Murphy & Co. store and has made arrangements to leave tomorrow night for Seattle, Wash., to make his home in the future.

THE DISPATCH is authorized by the trustees of the Trades and Labor Assembly to state that the meeting on Friday evening of this week held at Trades and Labor hall on 6th street, as usual, no change having been made.

Robert Johnson, who has severed his connection with J. F. Murphy & Co., and who leaves tomorrow for Seattle, Washington, was pleasantly surprised last evening by a number of his friends. During the evening he was presented with a handsome gold locket set with diamonds inside of which was a miniature picture of the Swedish Baptist church, of which he is a prominent member. Mr. Johnson leaves Brainerd with the best wishes of a host of friends for his welfare in his new home.

The "Chorus Class" of the Brainerd Ladies' Musical Club will hold their first rehearsal this evening at 7:30 o'clock sharp at the Patek residence, 419 3rd St. North. The ladies consider their "chorus" one of the very best features of the club. In the past two years some very good work has been done and the grade of work steadily advances. Mrs. Atherton is the instructor, and spares no effort which tends toward the best interests of her class. Those who are already members should talk with other members of the "club" proper and personally acquaint themselves with the advantages gained by those belonging. As many as possible should begin at once.

ONLY ONE.

The Record in Brainerd Is a Unique One.

If the reader has a "bad back" or any kidney ail and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Brainerd citizens testify to this. Here is a case of it: James Parker, carpenter, of 124 N. E. 2nd Ave., Brainerd, Minn., says: "Every winter since I had the grippe I was unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always over the same spot, even when lying in bed. I was always troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills and used them. Since then I have been in much better health, have no more attacks of headache, nor more backache and I regard it as quite wonderful that any remedy could bring about such a change."

On October 18, 1904, six years after Mr. Parker made the above statement, the testimony was confirmed by Mrs. Parker, she said: "Mr. Parker's statement was true in every particular, and we both feel that Doan's Kidney Pills can be relied upon to cure every form of kidney trouble. We are always glad to advise sufferers to go to H. P. Dunn & Co.'s drug store for Doan's Kidney Pills and give them a trial."

NEW STOCK IS ISSUED

GREAT NORTHERN RAILROAD MATERIALLY INCREASES ITS CAPITALIZATION.

EXPANSION OF ITS BUSINESS

PRESIDENT HILL GIVES AS THE REASON FOR THE ACTION OF THE COMPANY.

New York, Oct. 11.—A new issue of 250,000 shares of Great Northern Railroad company stock, to be offered to stockholders at par value of \$100 each, was announced during the day in a circular signed by J. J. Hill, president of the company. Shareholders may subscribe to the new stock to the extent of 20 per cent of their present holdings.

The funds provided by the sale of the new stock are to be used to keep up financial arrangements of a temporary character made during the Northern Pacific-Great Northern litigation, and also to furnish money for acquisition of new property and securities as may be ordered by the board of directors.

Mr. Hill in his letter to the shareholders says:

"Since March, 1901, when the last issue of the capital stock of this company was offered to you for subscription, the rapid expansion of the business of your company has made necessary large expenditures for new lines and property. For a portion of such expenditures your directors authorized financial arrangements of a temporary character on account of the litigation in which your company was then involved. That litigation being ended it is considered advisable that permanent provision should now be substituted for such temporary arrangements and that funds be provided to pay for additional equipment, for the stocks and bonds, or both, of your subsidiary companies and for such other securities and property as expansion of the system may require and your board of directors may authorize from time to time be acquired."

The Critical Periods In A Woman's Life

Are When the Change Comes From Childhood to Womanhood and Later When the Organs of the Pelvic Region Cease Their Work.

DR. A. W. CHASE'S NERVE PILLS

When the child changes from girlhood to womanhood and again later in life when the organs of the pelvic region cease their work, there is a strain thrown upon the nervous system, that requires outside aid that there may be supplied a proper amount of additional strength and restive power. This Dr. A. W. Chase's Nerve Pills do to a certainty by their ability to supply to the nervous system and the organs affected, an amount of nerve strength and energy that enables them to accommodate themselves rapidly and easily to the changes taking place.

Mrs. Julia Rowland, of No. 264 Pearl St., Buffalo, writes:

"Both myself and daughter, aged 17, are deeply indebted to Dr. A. W. Chase and his Nerve Pills. They certainly are a grand tonic to the nerves. I used them about a year ago, to give me the strength and vitality to go through the ordeal that usually comes to woman at change of life, and found all the nervousness, crying spells and weakness disappear in a hurry. This led me to give them to my daughter about the time she began to have the endless trouble some girls do in early life, and the medicine acted equally as well with her. She grew strong and steady—the color became good—the languor and lassitude disappeared and she was able to go about her school duties as usual. I consider the Dr. A. W. Chase Nerve Pills unequalled as a nerve and general tonic in such cases and gladly recommend them to others who suffer in a similar manner." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package. For sale by H. P. Dunn & Co., Central Drug Store, Nat. Bank Block, Brainerd, Minn.

A SURPRISE TO THEIR FRIENDS

Mr. Fred J. Slipp and Miss Helen Penney Married at Fargo on Friday Last

BOTH ARE WELL KNOWN HERE

The Bridegroom is One of Brainerd's Influential and Prosperous Business Men

Their many friends in Brainerd will be surprised to learn that Mr. Fred Slipp and Miss Helen Penney were married at Fargo, N. D., on Friday last. It was known to a few that the marriage would take place, but they did not know when.

Miss Penney sometime ago went to Washington state to visit with her parents and arrangements were made whereby Mr. Slipp met her at Fargo on her return trip and they were married.

Mr. Slipp is a member of the firm of Slipp-Gruehagen company and is one of the influential and prosperous business men of the city. He has been in business in Brainerd for a long time and has a large circle of friends who will extend congratulations. Miss Penney is also well and favorably known here and for the past year or two has been Mr. Slipp's housekeeper.

Mr. and Mrs. Slipp are expected home tonight and they will receive the congratulations of a large number of friends.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents, tea or tablets. H. P. Dunn & Co.

Crippen-Long Wedding.

The following from the Lewiston, Wash. Tribune will be of interest:

"A very pretty home wedding occurred on Tuesday evening at the home of Mr. and Mrs. Joseph Slipp, corner of Highland avenue and Thirteenth street, Clarkston. Miss Jannette Long, niece of Mr. and Mrs. Slipp, and Mr. Montague Crippen, son of Mr. and Mrs. M. A. Crippen, pioneers of Clarkston-Vine land, were the contracting parties, the officiating clergyman being F. V. Baer, of the Episcopal church. The bride is one of Clarkston's most popular young ladies, and until this year had held an important position with the corps of teachers of the Clarkston schools. The groom is the junior member of the firm of Anderson & Crippen, of Clarkston, and is one of the most popular young men of that city. The young people were recipients of a number of appropriate wedding gifts from those in attendance at the ceremony. The happy couple left on the Owl train Tuesday night for a tour of the coast cities and the Portland exposition. They will be at home to their friends at Clarkston after November 20th."

EXTENSION RUMOR AGAIN

Report That Work of Grading From Northome to Ripple on the M. & I.

Has Already Commenced

Word comes from the north that the visit of President Elliott some time ago to Koochiching and his trip over the Minnesota & International from Brainerd to Northome means that the road will build this year not only from Northome to Ripple, but clear through to Koochiching.

The work of grading the extension from Northome to Ripple is now under way, and the work of laying steel on this extension will be begun not later than Nov. 1. The fact that several big swamps have to be crossed has greatly retarded the work, while the mildness of the season has thus far made it practically impossible to do any grading across some of these swamps.

It is known that President Elliott has recommended the extension of the road clear through to International Falls at once. The distance from Northome to International Falls is sixty-five miles, while the extension from Northome to Ripple will cover about half this distance.

Why suffer with tiredness, mean cross feeling, no strength, no appetite? Hollister's Rocky Mountain Tea will make you feel well and keep you well. 35 cents, tea or tablets. H. P. Dunn & Co.

ESDON ETCHINGS.

There was quite a frost the 9th of this month.

Mrs. M. L. Hammett is home from Bay Lake again.

Marie Hammett has nearly recovered from her late illness.

Hazel Maghan is staying with Mrs. D. Archibald and going to school.

Our teacher, Miss Jennie Martin, made a trip to her home in Brainerd last Saturday.

Myrtle Hammett leaves for Bay Lake to attend school today. She will stay with Mrs. Young.

There is to be a magic lantern show at the school house on Tuesday evening by a traveling company.

The Sunday school was re-organized last Sunday by W. J. Smith, of Brainerd. Mr. Carmichael was out with Mr. Smith.

R. Maghan has taken the contract to carry the South Bay Lake children to the Esdon school for the next seven months.

FROSTY WEATHER APPARENT

Yesterday and Today Were the First Cool Days That Has Been Experienced in Northern Minnesota

Yesterday and today have been real cool days, days which makes one think that winter is being ushered in without being announced. The rain of the day before cooled the atmosphere off and there was a great change in the temperature before yesterday morning. Not in the history of this part of the state, according to old residents, has there been so much warm weather during the month of October as there has been this year.

The DISPATCH will be delivered at your door for 40 cents per month.

The Minnesota & International railway will sell tickets during the summer for one fare for the round trip to all points on the line, good going Saturday and returning Monday. 22tf

SEEDS FOR THE FOREST RESERVE

J. F. Bond, of the Government Forestry Bureau, Here on Important Mission

SENDING JACK PINE SEED AWAY

To the Dismal River Forest Reserve in the State of Nebraska

J. F. Bond, representing the forestry bureau at Washington, is in the city and expects to spend some time here in the interests of this department at Washington. He is here to gather Jack Pine seeds, which mission is a rather intricate one when it is considered that great care has to be taken to get just the proper seeds, as they are to be used in reforesting one of the government reserves in Nebraska.

The seeds which Mr. Bond is gathering are to be sent to Halsey, Neb., which is in the heart of the Dismal river forestry reserve. This area will be stocked with Jack Pine and western yellow pine by the government.

The seeds are first run through a nursery and when the seedlings are about three years old they are located on the reserve. To the ordinary individual this process would seem almost a fruitless job, but the fact remains that some of the forests planted in just this manner are being cut over now for lumbering purposes. It will consume some fifty years before the trees planted now can be cut.

NOTABLE LOGGING SEASON

Is Predicted for Northern Minnesota, as Some Twenty-five Firms are Getting Into the Game

The winter of 1905-06 will mark the most notable logging season of Northern Minnesota. There are already some twenty-five companies and logging firms at work preparing camps for the winter, and the demand for men is greater than it has ever been in Bemidji before. From 1,000 to 1,500 men could find employment in the woods at once, while within a month there will be a demand for at least 10,000 men. Employment offices in Bemidji are making desperate efforts to secure men, and are putting agents at work to secure men everywhere throughout the wheat fields of the Red river valley and through North Dakota generally.

HART ACCUSED OF MURDER.

Physician Charged With Having Killed a Young Girl.

Chicago, Oct. 11.—Charged with having caused the death of ten-year-old Irene Klokow by administering morphine poison, Dr. Oliver B. Hart was held to the grand jury Tuesday without bail by a coroner's jury at the conclusion of the inquest on the body of the girl. Dr. Hart, whom it is charged first assaulted the girl and then poisoned her to hide his crime, listened to the reading of the verdict without any sign of emotion. He said he was not surprised at the action of the jury, but claimed that he was innocent and would not have much difficulty in proving his innocence.

"SAN TOY" COMING

The international and fascinating comic opera, with its wealth of beauty and dreamy music, costly wardrobe and picturesque scenery, will charm theatre-goers on Monday, Oct. 23, at the Brainerd opera house. The music of "San Toy" is known to every music lover in the city. The collaborators represent a numerous gathering of talent, the book having been written by Edward Morton, the music by Sidney Jones, lyrics by Harry Greenbank and Adrian Ross, with addition musical numbers by Lionel Moncton. In this quintet are disclosed the men who have been responsible for a great many of the biggest successes in musical comedy and extravaganza and it is quite generally under-

Sin's Consequences

Innocent Indulgence Often Brings Trouble—H. P. Dunn & Co. Offer Means of Escape.

The consequences of violating physical law are often as unpleasant as the breaking of a moral rule. The innocent indulgence of over-eating brings consequences that amount to real suffering. Indigestion is not natural; it is not right; it should not be. H. P. Dunn & Co. offer a means of escape in Mi-o-na tablets that is simple and practical.

These simple tablets are composed of such valuable medicinal agents as bismuth subgallate, which is superior to all other remedies for stomach troubles, cerium oxalate, and tonics and correctives which promote the

action of the digestive organs, strengthen the whole digestive tract, and make it possible to eat what you like and when you like.

If you suffer with head aches, indigestion, flatulency, heart burn, dizziness, sleeplessness, back-ache, or debility and weakness, begin the use of Mi-o-na at once. Just one tablet out of a 50 cent box before each meal, and you will regain perfect health and strength.

Ask H. P. Dunn & Co. to show you the guarantee under which they sell Mi-o-na. It costs nothing unless it cures. The risk is all theirs.

stood that they never did any better work than in "San Toy."

"San Toy" is in two acts, the first showing a corner in Pynka Pong, a Chinese city, and the second a hall in the palace of the Emperor at Peking. The story tells how a Mandarin, Yen How, in order to save his daughter from the Emperor, raises her as a boy and gets along very nicely with the deception until the girl falls in love with an English soldier. The courtship has almost reached the eloping stage when the Emperor learns that he has been deceived and orders Yen How to bring his daughter to Peking. The entire company is

thus transported to the forbidden city, where San Toy dons dresses, becomes a great favorite with the Emperor, who finally revokes the order he had given to have Yen How beheaded and sanctions the marriage of San Toy and the English soldier.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use **LION COFFEE**, because to get best results you must use the best coffee. Grind your **LION COFFEE** rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

- 1st. **WITH BOILING WATER.** Add boiling water, and let it boil **THREE MINUTES ONLY.** Add a little cold water and set aside five minutes to settle. Serve promptly.
- 2d. **WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.
3. Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

- 1st. With Eggs. Use part of the white of an egg, mixing it with the ground **LION COFFEE** before boiling.
- 2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine **LION COFFEE**, prepare it according to this recipe and you will only use **LION COFFEE** in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

CORPORAL JAMES TANNER.

New Commander of the G. A. R. Lost Both Legs at Bull Run.

James Tanner, new commander in chief of the Grand Army of the Republic, is one of the most energetic veterans of the civil war, despite the fact that he lost both legs at the second battle of Bull Run. Born on a farm in Schoharie county, N. Y., sixty-one years ago, Mr. Tanner enlisted in the Federal army at the age of seventeen the first year of the civil war, and participated in the battles of Williamsburg, Fair Oaks, Yorktown, the seven days' fight before Richmond, Bristow Station and Manassas Junction. In August, 1862, he was so badly wounded that both of his legs were amputated below the knee. He was taken prisoner in that condition, but was exchanged in a few days. After the war he was admitted to the bar and held several state or government positions, the principal one being that

of pension commissioner, which he administered from March, 1889, to October of the same year. After leaving the pension office he devoted fifteen years to practicing law and working for more liberal pensions for old soldiers. In April, 1904, he was appointed register of wills of the District of Columbia by President Roosevelt.

Since 1867 Corporal Tanner has been an active member of the G. A. R. In thirty years he has not missed a national encampment and as a member of the order's national committee on pensions he secured the passage of laws raising the pensions of all federal soldiers who had lost both arms or legs or both eyes from \$72 to \$100 per month. For years Mr. Tanner has been a poor sleeper, and he rarely goes to bed before 1 o'clock, for the reason that he has incessant pain in his two amputated legs. During his years of work for men who wore the blue he has done what he could for those who wore the gray. He materially assisted in raising funds for a soldiers' home for ex-Confederates in Richmond, Va., and at one meeting in Brooklyn procured \$1,000.

Madison, Ill., Oct. 11.—During a quarrel over the location of a proposed street fair, Sam Houston was shot and wounded four times. According to several witnesses the shots were fired by Patrick McCambridge, chief of police, but no arrests have been made.

ATHLETE AND FINANCIER.

Assistant Secretary Robert Bacon and His Interesting Career.

It is rather unusual for a man to step into such an office as that of first assistant secretary of state without having previously held any public office, but it is under these circumstances that Robert Bacon becomes right hand man of Secretary Elihu Root. He has never been a politician in the ordinary acceptance of the term and knows nothing about corraling delegates or mending political fences. Mr. Bacon is pre-eminently a business man. It is said that the state department needs an overhauling so as to make its methods of doing business more up to date, and it is expected that Mr. Bacon will be able to assist in this work. It is also said that in appointing him to the post the president had in mind improvements in the consular service and believed that Mr. Bacon's knowledge of foreign trade would be useful.

One afternoon in the old Harvard university gymnasium some students were watching a boxing match. The

ROBERT BACON.

contest was between a tall man and a short one, and the short one was getting the worst of the argument. Suddenly the larger man landed a vicious solar plexus blow on his opponent, flooring him. A cry of foul arose, but the smaller man pluckily jumped to his feet, declared it was not a foul and, facing his antagonist, remarked, "See if you can do it again."

The short man was Theodore Roosevelt. In the group was Robert Bacon, a classmate, and from that episode the intimate acquaintance of the two began. Bacon became famous as a football player and was one of the best halfbacks Harvard ever had. He was an all around athlete and after leaving college took up polo playing, yachting, golf and horseback riding, so that outdoor life has kept him young, and at forty-five he still has a splendid physique. He is six feet two inches in height, has finely molded features and curly hair and used to be known in Wall street as the "Greek god." Although a native of Boston and for some years after leaving college connected with a Boston banking firm, his financial prominence was achieved in New York, chiefly as a partner of J. Pierpont Morgan. He was associated with some of the most noted events in Wall street during the years from 1890 to 1903, in the latter year retiring from Mr. Morgan's firm several millions ahead, as generally believed.

His Harvard friends tell a story of how "Bob," as they still call him, lost a bet in the days of the roller skating craze. Young Bacon made a wager that he could go around the rink without falling down, though he had never tried roller skating before. Just as he was almost completing the course his six feet two of solid humanity went down on the floor with a bang that shook the building. He paid the wager, and his friends had a swell dinner.

COLE YOUNGER, EX-BANDIT.

Former Member of Quantrell's Band a Street Railway Promoter.

Cole Younger, who is now promoting an electric railway in Kansas, is a reformed bandit. Money for his project is being furnished by eastern capitalists, foremost of whom, it is said, is Senator Stephen B. Elkins of West Virginia. Mr. Elkins has long been a friend of Younger and his acquaintance with him began when the former outlaw saved his life. Elkins was once captured by the Quantrell band. Younger was a member of it at the time and was detailed to take Elkins to the rear and shoot him. Instead of

COLE YOUNGER.

shooting him he allowed him to escape. Senator Elkins always remembered the act and showed his gratitude years afterward by securing Younger's release on parole from the Minnesota penitentiary, after Younger had served twenty-five years.

The famous Younger boys were sons of Colonel Henry W. Younger, one of the pioneers of Missouri and a highly respected citizen. There were fourteen sons and daughters in the family and five of the boys became bandits. They were once associates of the James boys.

PHILADELPHIA TEAM WINS.

Reverses the Score Made in First Championship Game.

New York, Oct. 11.—When two well trained ball teams are pitted against each other with the points covered by men of acknowledged cleverness, there is always a doubt as to the outcome until the game is completed. The truth of this was proven Tuesday, when in the second game of the world's championship series the Philadelphia champions of the American league defeated the National league champions on the Polo grounds. Monday on the Philadelphia grounds, McGraw's men defeated Manager Mack's team by a score of 3 to 0, and Tuesday when the latter visited this city they just reversed the score, shutting out the locals.

The visitors put in their Indian pitcher, Bender, with Schreckengost to handle him, against McGinnity and Bresnahan. New York made four hits and Philadelphia made six hits, while each team made two errors. The attendance was 24,902.

RAILWAY RATE LEGISLATION.

Will Be Leading Topic of the President's Message.

Washington, Oct. 11.—Railway rate legislation was the principal subject of talks President Roosevelt had Tuesday with several members of congress. He indicated to them that it would be the leading topic of his forthcoming message to congress and that he had not abated one jot in his determination to induce congress, if possible, to enact legislation along the lines of his recommendations. Senator Cullom and Representative Rodenberg of Illinois had a long talk with the president, the discussion being devoted chiefly to rate legislation. Both of them informed the president that the people in their opinion were in hearty accord with him in the matter of rate legislation.

Iowa Red Men.

Marshalltown, Ia., Oct. 11.—Iowa Red Men Tuesday elected R. G. Priebe, Des Moines, grand sashem; O. W. Iowa Coal Operators.

Des Moines, Ia., Oct. 11.—The Iowa coal operators at their meeting here Tuesday elected a committee to attend the national meeting of coal operators in Chicago on Nov. 22 with the purpose of securing for Iowa a voice in the work of the national organization. There is no fear that any local labor trouble will follow the installation of the new scale next April.

HOHENTHAL MAKES HIS ESCAPE.

Slayer of Prominent Official of Finland Breaks Jail.

Helsingfors, Finland, Oct. 11.—The supreme court sitting at Abo Monday rejected the appeal of Hohenthal, the murderer of Procurator General Solason Soninen, from the sentence of imprisonment for life and by midnight Hohenthal had effected a dramatic escape from prison, his escape being covered at 6 a. m. Hohenthal escaped by cutting the six-inch bars of his cells and dropping from a second-story window. A rope ladder was found by means of which he had climbed a twenty-foot wall, dropping from that into a well lighted street. No further trace of the fugitive has been found. Hohenthal was visited by a man who is now supposed to have secreted in the cell the implements by means of which Hohenthal escaped and for whom the police are searching.

WITHOUT UNTOWARD INCIDENT.

Hungarian Diet Prorogued Until Next December.

Budapest, Oct. 11.—The Hungarian diet was prorogued Tuesday until Dec. 19 without any untoward incident beyond the display of angry resentment on the part of the opposition in the lower house. This gives a breathing space of ten weeks for further negotiations between the crown and the coalition, but the chances for an agreement are regarded as slight. The coalition appears to be willing to play a waiting game in the conviction that the necessities of the government with regard to money, recruits and commercial treaties will force the crown to consent to a settlement.

General Baron Fejervary will go to Austria Thursday to submit reports to the king-emperor and to await his majesty's decision regarding his appointment as premier or the acceptance of his resignation.

A Most Wonderful Cure.

Joseph D. Underhill, of Doland, S. Dakota, says:—I have received great benefit from your White Wine of Tar Syrup. I had a deep seated cough and the doctors gave up all hopes of my recovery and pronounced it consumption. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I used 1½ bottles and am entirely cured. Such medicine I can recommend to those who were afflicted as I was.

CALUMET Baking Powder

A perfectly healthful powder made by improved chemical methods and of accurately proportioned materials.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.
